Yet another Mawson Lakes event in light conditions with SW winds around 4-5 knots much of the day. Jurgen Luther tried a B rig in one race, but other than that it was A rigs all day. A great fleet of 10 boats, and everyone had a trouble-free day except Kym Stringer, who once his boat was repaired went straight to the front of the fleet. John Berry and Mark Easton really struggled all day, and had poor days compared with their usual placings in the fleet. Alex Hayter improved as the day went on, and Don Turnbull performed very consistently.

Scott Mitchell again won the day, but he didn't have it all his own way in the light airs, with Jurgen Luther, Kym Stringer and me all having some really close races with him.

Many thanks to Dean Bonnett and Gary Polomka for running the recovery boat, to Dean Bonnett for being PRO on the day, to Lorraine Berry for being our ever-reliable scorer and to Alex Hayter for providing prizes for the event. Yes, you read that correctly, we had prizes for first, second and third!!
